Title Describes Contents of Research Article and Attracts Academic Readers: The title consists of 8-12 words, not including a definite article (the) and the indefinite article (a, an). Use the phrases, not sentence.

First Author¹, Second Author¹, and Third Author²
¹Institut Seni Indonesia Yogyakarta, Yogyakarta, Indonesia
²The University of Sewon, Bantul, Indonesia

ABSTRACT

Title Describes Contents of Research Article and Attracts Academic Readers. The abstract is an article summary that consists of research objective, research methods, results and discussion, and conclusion. Implications or recommendation can be added to the abstract. The abstract must be written in 150-250 words. The abstract must not contain lengthy background information and have no reference to figure, table, equation, any bibliographical reference either coming within or another article. The language of abstract must be clear and concise. It is a stand-alone summary in one paragraph.

Keywords: Keywords consist of important/specific words or phrases found mainly in the title and abstract. But, it can also come from the article. There are 3-5 keywords from one article. It could be stated as a word or a compound.

ABSTRAK

Introduction

The introduction must create a good impression so that reader could get view of the rest of paper. It is necessary to state what is going to encounter and defines the importance of the study.

The introduction shows what is already known from former studies, provide a literature review, and state the research question. In order to understand what is already known from the previous study, the introduction must consist of discussing the relevant journal article (with citation) and summarizing the current understanding of the problem encounter.

Research Method

The method explains clearly how the author carried out the research. The method must describe the research design clearly, the replicable research procedures, describe how to summarize and analyze the data.

Results and Discussions

The result sections show objectively the presentation of research key results without any interpretation by using text, tables, and figures.
The result section begins with the text, presenting the key finding, and referring to the tables and figures. The table must not print screen, specific numerical values, compare and contrast values, and a minimum of 2 rows and columns.

The figures must be clear (provides original file(s) as the article submission's supplementary), highlights trends, pattern, and relationship. The result section must present how the author ensures the data validity and reliability.

The discussion section shows how the author interprets the results in light of what is already known, and to explain the new understanding of the problem after taking your results into consideration. The discussion must connect with the Introduction so it tells how your study contributes to the body of knowledge and society.

Page Setup

Paper size must be set to A4 (210x297 mm) with the margin setting as is follow:
- Top: 2,5 cm;
- Bottom: 2,5 cm;
- Left: 2,2 cm;
- Right: 2 cm.

Set the Section Start to Continuous with the vertical alignment to the top with the header and footer as is follow:
- Header: 1,25 cm;
- Footer: 1,25 cm.

Paper Title

Title uses 12-point, aligned to the center, linespace exactly at single point with a bold font style, and initial letters capitalized. All formulas or special characters in any form are not permitted.

Figures can take many forms, such as bar graphs, frequency histograms, scatterplots, drawings, maps, etc. Musical notes could be considered one of the examples. Please produce your figures electronically, and integrate them into your document. Check that in line drawings, lines are not interrupted and have a constant width. Grids and details within the figures must be clearly readable and may not be written one on top of the other. Figure resolution should be at least 300 dpi. Figures must appear inside the designated margins or they may span the two columns. Figures in two columns must be positioned at the top or bottom of the page within the given margins. It is advisable the use of text boxes in this case.

Please do not use indentation and set the figure layout to in line with text. Figures should be properly numbered, centered and should always have a caption positioned above it. Captions with one line should be centered and if it has more than one line should be set to justified. The font size to use is 11-point. No bold or italic font style should be used. Spacing before and after should be of 6-point and 12-point, respectively. Please note that the word “Table” is spelled out.

### Tables

Tables must appear inside the designated margins or they may span the two columns. Tables in two columns must be positioned at the top or bottom of the page within the given margins. It is advisable the use of text boxes in this case.

Tables should be properly numbered, centered and should always have a caption positioned above it. Captions with one line should be centered and if it has more than one line should be set to justified. The font size to use is 11-point. No bold or italic font style should be used. Spacing before and after should be of 12-point and 6-point, respectively.

Please note that the word “Table” is spelled out.

Figure 1: This caption has one line so it is centered.
References and citations should follow the APA Style (Author, date) System Convention (see the References section). As an example, you may consider the citation (Smith, 1998). Besides that, all references should be cited in the text. No numbers with or without brackets should be used to cite or to list the references. References should be set to 12-point, justified, and with a single linespace and hanging indent of 0.5-centimeter.

Copyright Form

For the mutual benefit and protection of Authors and Publishers, it is necessary that Authors provide formal written Consent to Publish and Transfer of Copyright before publication of the Book. The signed Consent ensures that the publisher has the Author's authorization to publish the Contribution.

The copyright form is located on the authors' reserved area. The form should be completed and signed by one author on behalf of all the other authors.

Conclusions

The conclusions section show the answer or clarification of the research questions and opportunities for future research.

Acknowledgements

If any, should be placed before the references section without numbering.

References

The reference must consist of 80% from relevant and recent primary sources (such as the article of journal or conference from last 5 years). The reference must be written in APA style and using reference manager software (Mendeley Software).
